

SPECIAL INVITATION

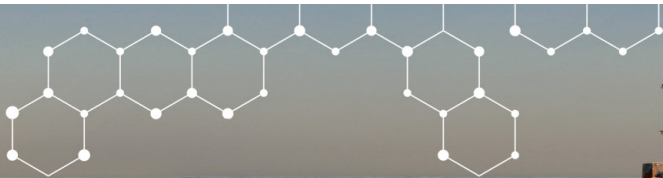

Monday June 24, 2019

As part of the SNMMI annual conference to be held from June 22 to June 25, ISOLOGIC invites you to a seminar dedicated to innovative radiopharmaceutical services and the production of PET imaging agents. Our expert partners will give you an overview of prostate cancer management with PSMA PET/CT and theragnostic research pipeline agents of the future. We look forward to meeting you and helping you discover what Trusted Quality Care is all about.
